

32nd SEAZA CONFERENCE 2024

“Gathering for Rewilding”

23rd – 26th October, 2024

Taipei Zoo, Taiwan

On behalf of SEAZA and Taipei Zoo, we cordially invite you to attend the 32nd SEAZA Conference to be held at Taipei Zoo, Taiwan, from October 23rd to 26th.

The conference is themed “*Gathering for Rewilding*”, and it also marks the 110th Anniversary of Taipei Zoo. We sincerely invite you to join the conference, and to celebrate this auspicious occasion with us. Your participation will make the whole event shine brightly.

In conjunction with the global movement “*Reverse the Red*”, the conference aims to ignite strategic cooperation and action to ensure the thriving of wild species and the sustainability of ecosystems from Asia to the world. It provides a platform for wildlife conservation professionals and researchers to share insights on conservation strategies, education, veterinary healthcare, and wildlife nutrition for rewilding.

We welcome oral presentations and posters from all SEAZA members. Your contribution to rewilding and species conservation will be highly valued. We look forward to your participation, and aim to establish and reinforce a networking platform for close collaboration in the future.

Yours sincerely,

Dr. Cheng Wen-Haur
President of SEAZA

Chen, Y. T. Jasmine
Director of Taipei Zoo
